UH104-12***

UV CURING SYSTEM

Finally, the budget benchtop UV curing solution you've been waiting for... The Models UH104-8 and UH104-12 UV Curing System are the most cost effective UV tape exposure solutions on the market. Despite their low cost, these units offer the same uniformity of UV exposure and fast UV curing times as other semiautomatic and automatic highend UV curing systems. In addition, the Models UH104-8 and UH104-12 feature a new environmentally safe, ozone-free UV lamp array with a cool, low-temperature UV-C 365nm curing process.

ULTRON SYSTEMS, INC.

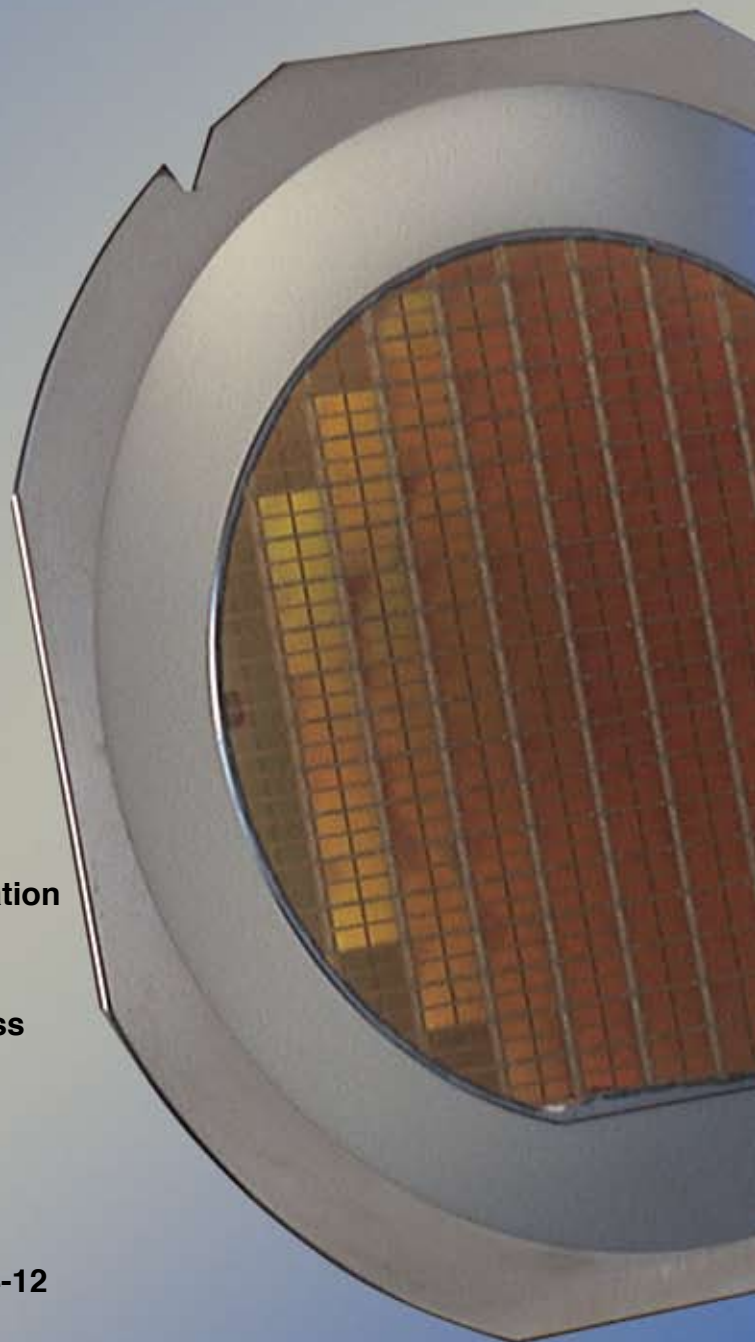

UV CURING SYSTEM

***UH104-8/
UH104-12***

FEATURES

- Compact, desktop profile accommodates up to 300mm frame-mounted wafer
- Environmentally safe, ozone-free UV lamp with fast curing time
- Easily programmable microprocessor-based controller
- Repeatable, reliable, single-frame, manual operation
- Exceptional cost/performance value
- Cool, low temperature UVA 365nm curing process
- Highly energy-efficient
- Optional motorized, rotating workstage

SPECIFICATIONS:	UH104-8	UH104-12
Height:	9-5/8"	11-1/8"
Width:	20-3/16"	25-1/8"
Depth:	21-1/8"	25-3/16"
